Press Release

IAB Solutions, LLC Marks 30th Anniversary with Opening of New Office

September 19, 2014 - Chicago, IL

IAB Solutions, LLC (www.iabllc.com), a leader in the accounts receivable and deduction management industry, announced today the opening of the new Chicago Operations Center, located at 5105 Tollview Drive, Suite 250, in Rolling Meadows, IL. The new Operations Center will provide increased flexibility and superior service to existing clients and growing capacity to serve future clients.

This newest expansion comes as IAB Solutions is celebrating their 30th Year Anniversary. Founded in 1984, IAB has a long-standing tradition of providing exceptional service to some of the most highly regarded companies as well as being an active supporter and member of the credit community. With strategic alliances and partnerships with such organizations as the Credit Research Foundation, National Association of Credit Managers, International Credit and Trade Financial Professionals, and the Unclaimed Property Professionals Organization, IAB continues to share thirty years of experience with our clients and others in our profession.

Hamilton Potter, President of IAB Solutions, said that “We are delighted to mark our 30th Anniversary with this important location in the Chicago area. As the needs of our clients continue to evolve, this investment in people and facilities is a natural step as we ensure that we will provide the best possible support for years to come.”

About IAB Solutions LLC.

IAB Solutions, LLC is a nationwide, full-service, non-consumer accounts receivable service provider. Since 1984 the company has specialized in the recovery, resolution, and management of customer deductions and chargebacks, as well as the invoice collection process between companies. With five offices as well as on-site service, IAB works independently as an extension of accounts receivable departments, and partners to help its clients’ achieve specific accounts receivable goals. The company’s strengths lie in developing and maintaining long-term, supportive client partnerships, providing exceptional customer service, driving more dollars to clients’ bottom lines and delivering accurate, actionable information for deduction prevention and process improvement.
